Subject	Topic	Sub-Topics	Status	Hours	Start Date [1]	DevOps Job Relevance [%] [2]
Python	Python For DevOps	Python Programming basics (variables, loops, functions)	Recordings Available	4	12/20/2025	70%
		API calls, JSON/YAML parsing	Recordings Available	4	12/21/2025	
		Python + AWS Boto3	Recordings Available	4	12/27/2025	
		Python Project for DevOps (Log parser + alert script) + Python Advanced Project for DevOps (Small CLI that interacts with AWS/K8s APIs)	Recordings Available	4	12/28/2025	
Introduction	Introduction to DevOps and Cloud	Introduction to DevOps Culture	Recordings Available	4	1/24/2026	100%
		Introduction to Course Curriculum & What to Expect in Next 90 Days				
		DevOps Career Path (DevOps, Cloud, SRE)				
		Meet and Greet with Batchmates and Alumni				
Linux	Linux For DevOps	Understanding Linux And Linux Architecture, Processes, systemd	Recordings Available	4	1/25/2026	95%
		Basic Linux Commands, Logs, Networking Commands				
		File Permissions and Users Management				
		Advanced Linux Commands	Recordings Available	4	1/31/2026	
Networking	Networking For DevOps	OSI/TCP/IP, DNS, Routing, CIDR, Load Balancers, TLS/SSL, Debug Tools (curl, tcpdump)	Recordings Available	4	2/1/2026	85%
Scripting	Shell Scripting For DevOps	Shell Scripting Fundamentals	Recordings Available	3	2/7/2026	80%
		Automation scripts: cleanup, log rotate, alerts	Recordings Available	3	2/8/2026	
Version Control	Git and GitHub	Git Fundamentals	Recordings Available	3	2/14/2026	100%
		Git Clone, Add, Commit, Push Pull

Subject	Topic	Sub-Topics	Status	Hours	Start Date [1]	DevOps Job Relevance [%] [2]
		Git and GitHub Advanced, Git Branching, Merge, Rebase, conflicts Into To GitHub Projects, Issues, OpenSource Contributions, GitHub CLI	Recordings Available	3	2/15/2026	
Docker	Docker with Project	Docker Architecture	Recordings Available	4	2/21/2026	97%
		Docker Commands, Images, Containers, Internal Working				
		Docker Advanced Concepts, Multistage, Distoreless	Recordings Available	4	2/22/2026	
		Docker Compose, Registries, Docker Scout & Bonus: Running LLMs (Ollama) in Containers, Hardened Images				
AWS	AWS - Zero To Hero [Solutions Architect]	Introduction To AWS and Cloud Computing	Recordings Available	6	2/23/2026	98%
		Important AWS Services EC2, S3, RDS, IAM	Recordings Available	6	2/24/2026	
		Advanced AWS Services Lambda, APIGateway, ECS, ECR	Recordings Available	6	2/25/2026	
		Serverless Framework	Recordings Available	6	2/26/2026	
		AWS SAA Topics	To Be Announced	6		
Azure	Azure DevOps	Introduction to Azure	Recordings Available			80%
		Azure DevOps, Repos, Pipelines, Containers	Recordings Available			
		Azure DevOps Live Projects	Recordings Available			
CI/CD	Jenkins Masterclass	Jenkins Architecture, Installation, Concept of CI/CD	Recordings Available	4		78%
		Jenkins Declarative CI/CD Pipeline,Jenkins Agents, Shared Libraries				
	GitLab CI/CD	GitLab CI/CD with Project and Auto DevOps	Recordings Available	4		65%
	GitHub Actions	GitHub Actions CI Pipeline with SAST, OIDC integration With AWS, Matrix Builds	Recordings Available	4	3/1/2026	85%
	GitHub Actions	GitHub Actions - Self-hosted Runners, Matrix Strategy, Docker Actions	Recordings Available	2	3/7/2026	
	DevSecOps Masterclass	SonarQube, Trivy, OWASP, DevSecOps, Docker Scout, SAST	Recordings Available	4	3/8/2026	75%
Kubernetes	Kubernetes (CKA) v1.35	Kubernetes Architecture, Installation of Minikube and Kubeadm, AWS EKS, AKS, GKE	Recordings Available	4	3/14/2026	99%
